Career after Engineering

24th February 2024

Career after Engineering

On Saturday, February 24th, 2024, a guest lecture by an eminent alumnus was organized at the Dr. M V Jayaraman Auditorium. Mr. C Siva Kumar, Addl Commissioner of Income Tax at the Indian Revenue Service, served as the speaker for this session. A former student of MVJ College of Engineering from 1997 to 2001, he distinguished himself as the university topper in the mechanical department.

Dean of Academics, Dr. Shrinivas L Gombi welcomed the guest with a bouquet. A C Niranjanappa, Dean of Research, then honored the guest with a memento as a token of appreciation. Mr. C Siva Kumar proceeded to take over the session, beginning with his journey of determination and struggle. He shared insights into overcoming obstacles to achieve his goal of serving the country by clearing the UPSC exam.

The session commenced with a warm welcome and introduction of the guest by, Dr. Shrinivas L Gombi. He introduced Guest by giving a brief about his journey from being a university topper to that of being an Additional Commissioner. Further the session was handed over to Mr. C Siva Kumar.

Dean of Academics Dr. Srinivas L Gombin welcoming and introducing the guest.

Career after Engineering Guest lecture on 24.02.2024 at Dr. M V Jayaraman Auditorium: Dean of Research Dr. A C Niranjanappa(Left) presenting the memento to Mr.C Siva Kumar (Alumnus from Mechanical Engineering Department, Class of 2001)Addl Commisioner,IRS. Dean of Academics Dr. Srinivas L Gombi (Right).

The session, led by C. Sivakumar, an alumnus of MVJ College of Engineering, provided comprehensive insights into post-engineering career paths and opportunities. Key topics covered included the importance of skills development for placements, the significance of civil services, various competitive examinations, and career options in sectors like banking, government, and teaching.

Additionally, the session discussed accessing public sector jobs through GATE scores, choosing suitable colleges for advanced degrees like MTech and MBA, and the growing relevance of environmental-focused courses. Specialized programs such as Postgraduate Diplomas in packaging and unique courses like Master of Design and MSc in Neuroscience were also highlighted.

Mr.C Siva Kumar (Alumnus from Mechanical Engineering Department, Class of 2001), Addl Commissioner, IRS giving a lecture on various career opportunities after Engineering.

The students aiming to be an entrepreneur he gave brief idea about the Entrepreneurship and Development Institute of India in Ahmedabad, supported by prominent financial institutions and the Government of Gujarat, was spotlighted as a hub for fostering entrepreneurship and driving development initiatives. Overall, the session offered valuable guidance for engineering graduates navigating their career paths.

Afterwards, he engaged in one-on-one discussions, particularly with students interested in various fields. He extended his offer to provide personal assistance to students and committed to returning to his alma mater in future for similar sessions like this.

Outcome:

- Covered a wide range of topics including skills development, civil services, competitive examinations, and diverse career opportunities.

- Emphasized the importance of environmental-focused courses and accessing public sector jobs through GATE scores.
- Highlighted the Entrepreneurship and Development Institute of India in Ahmedabad as a potential resource for aspiring entrepreneurs.
