CLUB ACTIVITY – 'HACKSHIELD'

The Department of Information Science and Engineering organized CLUB ACTIVITY 'HACKSHIELD', on 30th JULY 2024. The event started at 1:30 pm. The 4th, and 6th -semester students of both ISE and DS Students and Mtech students with a total 400 number of students participated. The activity comprised three rounds. Organized in association with the TechByHeart team, the event saw a robust participation of around 300 students. Mr. Sreejith, our esteemed chief guest, inaugurated the session and shared valuable insights into the critical role of cybersecurity in today's digital era.

Round I: It includes basic OSINT, Google Dorking, and reverse imaging

Task -1

The Trainers have shared two images, from those images participants have to find the street address and the name of the place where the picture was taken – for this task the participants will be rewarded 20 points! If they used hints -5 points got deducted.

Location: Seminar Hall 5 & CAD LAB

Time: 12:00 pm - 1:00 pm

Participants: Approximately 400 students

Format: A quiz consisting of 20 questions covering basic Linux commands and cybersecurity-related topics.

Outcome: The top 30 performers were selected for the second round.

Round 2: Game Playing Round

Location: Lab Room No. 225

Start Time: 1:45 pm

Participants: 30 students, grouped into 10 teams of two.

Format: Each team was given two photos and tasked with identifying the locations and details of the images using internet research. Hints were available, with a penalty of -5 points per hint. The round had a maximum score of 20 points.

Outcome: The top three teams progressed to the third round.

Round 3: Advanced Research Round

Location: Lab Room No. 225

Start Time: 2:10 pm

Participants: 3 teams

Format: Teams were provided with a person's name and had to find out which restaurants the person had visited using internet research.

Outcome: The teams completed the task, demonstrating excellent research and analytical skills.

The outcome of the Event

The event concluded at 3:30 pm with the announcement of the winning teams. The participants showcased impressive knowledge and resourcefulness in tackling the challenges presented to them. The winners were awarded with certificates and cash prizes for their exceptional performance and problem-solving abilities. The students participated actively in the event. They were able to enhance their technical skills through this activity. It also helped them to learn about time management and teamwork
